2023-2024 Litchfield Middle School ACIP

Litchfield Middle School

Vision	Mission	Beliefs
Inspiring all through the acquisition of knowledge and civic responsibilities.	To prepare all students by providing an atmosphere of learning, where self-discipline and responsibility are nurtured.	It is our belief that the acquisition of knowledge can be acquired through both formal and informal educational processes, including direct instruction, exploration, conversation, mentoring, expansion of experiences and self-discipline. These methods can influence our school, community, and beyond.

Self-Efficacy

- To have self-governed, motivated learners who understand the importance of education and its impact.

- Implement Peer Helpers Program

Literacy

- Increase reading proficiency for all students.

- Provide opportunities for targeted instruction focusing on individual learning needs and deficits.

- Initiate differentiated small group instruction to focus on specific skill deficits 3 days/wk. within the intervention period and classroom.

- Implement student goal-setting program to address student deficits and create student-developed achievement goals.

Technology Implementation

- Develop lessons and activities for students using online/cloud-based technology applications

- Staff Professional Development in PowerSchool and Google Classroom

- Chrome Book training students/staff. Power School Training for Teachers/staff and Administration.
